

2.5" x 3.5" POKER CARD TEMPLATE
www.bangweegames.com

Safe Line

DO NOT put any important text/images beyond this dotted line. Anything past the dotted line has the potential for being trimmed. This line is provided to prevent trimming of your text/images.

The distance between the safe line and cut line should be more than 3 mm.

Cut Line

This is the actual outline of your final design.

Bleed Zone

Extend any card artwork/color to the edge(covering the blue area) if you want your design to extend to the edge on the final print. The bleed zone is to make sure your design/color extends to the edge of the card.

The bleed zone should be 2.5mm width.

BangWee

PLEASE NOTE:
Please adjust the cutline according to the size of your card.
